FOR DOGS THAT DO MORE.

ROPE GEAR CARE GUIDE

BUILT FOR ACTIVE DOGS.

Designed for use across Wulftac's 6mm and 8mm rope gear. Regular cleaning and care helps maintain the rope, stitching and hardware.

HOW TO CLEAN YOUR ROPE GEAR

01	REMOVE LOOSE DIRT Shake or brush away loose dirt, sand, grass and debris.
02	RINSE Rinse thoroughly with clean, lukewarm water.
03	WASH GENTLY Use a small amount of mild soap or gentle detergent. Work it through the rope by hand or with a soft brush.
04	RINSE THOROUGHLY Remove all soap and residue with clean water.
05	AIR DRY COMPLETELY Hang or lay flat in a well-ventilated area and allow the rope to dry completely before use or storage.

 AFTER BEACH / WATER USE
Salt water, chlorine, mud and sand can collect within rope fibres and around hardware. Rinse thoroughly with fresh water after exposure and allow the product to dry completely.

PRO TIP
Do not store rope gear while damp. Allow it to dry completely before storing to help prevent odours and premature wear.

AVOID
Bleach or harsh chemicals • Solvents • Abrasive cleaners • Excessive heat • Tumble drying • Ironing • Prolonged damp storage

REGULAR SAFETY CHECK

✓	ROPE — Check for fraying, cuts, broken fibres, excessive fuzzing, thinning or other visible damage.
✓	KNOTS / LOOPS — Check that knots remain secure and have not loosened or shifted.
✓	STITCHING — Check all stitched areas for loose, broken or pulled stitching.
✓	O-RINGS / D-RINGS — Check for bending, cracks, deformation or excessive wear.
✓	CLIPS / HARDWARE — Check that clips open, close and lock correctly and show no visible damage.
✓	OVERALL CONDITION — Replace the product if the rope, stitching or hardware has become significantly worn or compromised.

USE AS INTENDED
Wulftac rope products are designed for their intended walking, handling and training applications. Select the appropriate product and size for your dog and ensure equipment is correctly fitted and inspected before use.

IMPORTANT
Rope products are subject to natural wear through use. Product lifespan can vary depending on frequency of use, environment, handling and the individual dog.

Always inspect your equipment before use. If significant damage or wear is identified, discontinue use immediately and replace the product.

STORAGE
Store rope gear clean and completely dry in a cool, dry place away from direct sunlight, excessive heat and prolonged moisture.
